

## **Programme on forensic science gets underway** **Tribune News Service**

Shimla, December 17

A week-long programme on "Orientation to Forensic Science" for public prosecutors commenced at the State Forensic Science Laboratory, Junga, here today.

Inaugurating the programme, Director of Prosecution BS Pathania advised the trainees to keep abreast of the various developments in the field of forensic science so that scientific reports of crime could be presented effectively in the courts of law for the dissemination of justice.

Experts from the State Forensic Science Laboratory, Regional Forensic Science Laboratories at Dharamsala and Mandi would provide theoretical knowledge and practical training to the trainees on computer crime, DNA profiling, narcotic drugs, trap cases, poisoning cases and heinous crimes like suicide and murder.
